Entries

Car entries for any “category” (one car entry per category)

Maximum of 3 cars per entrant.

General rules

G1) Cars must be 1/32 scale models of 1:1 Rally or Road Race cars.

G2) All parts must be commercially available.

G3) Cars may be driven by two or four wheel drive.

G4) No traction magnets allowed.

G5) Ballast may be added but must be inside the car.

G6) Cars must be decorated inside and out with an appropriate livery, including race number(s).

Bodies, Windows and Interiors

B1) Cars must start and finish each stage with matching body, windows and interior.

B2) Bodies must be a fully detailed and painted hard plastic moulding or a 3d print. Lexan bodies are not allowed.

B3) Minor bodywork trims and details such as mirrors, spotlights and aerials may be omitted.

B4) Interior must have two driver figures for Rally or one for Road Race cars.

B5) Interior may be a lightweight alternative. Replacement interiors must be painted.

B6) Any factory fitted interior is legal

Chassis, Drop Arms, Guides and Motor Pods

C1) Must be made of moulded or 3D printed plastic. Metal, lexan and carbon fibre are not allowed.

C2) May be lightly trimmed.

C3) The guide blade must not be visible when the model is viewed from above.

Motors

M1) Motors must be of Small Can, Short Can, Long Can, Flat Can, Thin Can or RX construction.

M2) Motors must not be modified from manufacturer's specification.

M3) Motors must be mounted in inline configuration.

M4) Motors must not protrude below the chassis.

M5) Motors must be from the approved eligible Motor list attached (maximum 23,000 rpm at 12 volts for all motors)

Wheels and Tyres

W1) Wheels and tyres must not protrude beyond body.

W2) Cars must comply with the axle width requirements of each category, ie A/B, C/D, or E/F

W3) All wheels must be at least 15.8mm diameter unless the original model was supplied with smaller diameter wheels as standard.

W4) Minimum tyre wall width of 5mm, maximum tyre wall width of 10mm.

W5) All wheels must have appropriate inserts fitted at the start of each stage.

W6) All wheels must have tyres.

W6) Tyres must be made of black rubber.

W7) Tyres may be trued, glued and coated, but must be dry to the touch at the start of each stage.

Spares

S1) All other components, (eg braids, eyelets, guides, wires, pinions, crowns, axles, stoppers, screws, nuts, springs, weights, lights, lubricants, paints and decals) are free choice.

Non Compliant Entry Cars

I reserve the right to reject or request the entrant to modify or correct any car entered which does not comply to the Technical rules above. Alternatively a replacement car which is compliant can be accepted. Any car which has been returned thereafter the start of the proxy can be re-entered at the next round following the final approval. Minor corrections to cars to make them compliant can be carried out by myself assuming that the cars arrived early enough in order to be able to do the work
